## Admissions Newsletter – April 2024

---

### Thank you!

We are moving past a relatively mild March to a busy April (May is shaping up quite nicely, too)! I wanted to thank everyone for their generous availability – there were close to 1,500 shifts to fill in April and, surprisingly, there are no pain points or significant gaps in coverage at P'5 and OCC.

And thank you for all your hard work so far this season! I'm proud of the steps we are taking as an organization to make P'5 the best it can be, and I acknowledge your role in helping us get there. It's your contribution to the team that make this organization special. So, thank you again, everyone – I appreciate all you do!

### Self-scheduling

I wanted to remind everyone that, if you pick up a shift in Celayix through the self-scheduler, to please email me and Jeanne and let us know. I know this is an extra step, but the action does help us keep accurate records and provide the ability for us to give accurate information to the HM the day of the event. We thank you in advance for your diligence!

### The fate of the Keller Auditorium

I realize there are many rumors floating around about the Keller, and I thought it'd be beneficial to clear the air a bit about the speculation. The big news is this: **there has not been a definitive decision made regarding whether the Keller Auditorium will be remodeled or rebuilt entirely.** As of now, there are three proposals: a new facility at the current University Place parcel owned by PSU, a

new facility plan at the Lloyd Center, and a redesign concept developed by Halprin Landscape Conservancy.

The City of Portland has outlined a tentative timeframe for project design and city consideration – you can find more details here:

<https://www.portland.gov/venues/keller-auditorium>

There is even an option to sign-up on the page for updates from the City Arts Program. The link above is the best way to receive information about the project and will contain the most current information. Most other sources of information are speculative.

### **2024 Portland Auto Swap Meet**

Our friends at Expo could use some support at the beginning of April for the 2024 Portland Auto Swap Meet. You can refer to the open shift list for more details. Please consider giving Expo a little extra support! If you are already scheduled April 5<sup>th</sup>, 6<sup>th</sup>, or 7<sup>th</sup> but are interested in possibly switching over to Expo, please let me know. We may be able to make that change.

### **New Admissions Leads**

We had a great round of hiring at OCC for Admissions Leads and I'm pleased to announce that Luci Swanson and David Noyes have accepted secondary offers to train as Admissions Leads! Luci will be training and shadowing at OCC and David will begin training and shadowing at P'5 soon. Be sure to congratulate them when you see them!

### **Evacuation Drill Dates**

Evacuation drills will be held in the Brunish Theater on April 4; Arlene Schnitzer Concert Hall on April 8; the Newmark Theater on April 21; the Keller Auditorium on April 23; and the Winningstad Theater on the April 27.

### **News From OCC**

### **Thank you!**

Thank you for a great March. The April schedule isn't too busy at OCC, and is pretty much full, except for two coat check shifts, and of course, any last-minute changes from the client. We tried to watch for anything wacky, but if you see something that doesn't work for you, please let us know as soon as possible. We

can likely adjust. We tried something a little bit different this month. Don't forget to get your availability in by April 10 for May.

## **Metro Learning**

There is mandatory Metro Learning. I will be sending out an email, and scheduling the staff members who report to me for 2-hour training sessions, based on your April schedule and availability. In advance, we want to thank you for completing this as soon as possible. If you have additional time, before or after a scheduled shift, you are also welcome to complete training at that time.

## **Guest Service Gold**

Below is listed the upcoming times for Guest Service Gold training:

Thursday, April 18 3:00pm – 5:00pm - Cascade Conference Room

Monday, April 29 9:00am – 11:00am - Cascade Conference Room

Thursday, May 9 3:00pm – 5:00pm - Cascade Conference Room

Thursday, May 23 3:00pm – 5:00pm - Holladay Suite

If you have not completed this training, please email Mark and Evelyn to sign up.

This is a two-hour class. ***NOTE: Please clock in/out for any training***

## **OCC Shift End Times and Clock Out Expectations**

In the past couple of months GX has visited Sales and Event Meetings to cover Admissions Staffing expectations, scheduling processes and how we can all support each other in pulling off the most successful events for our clients and our teams.

In the meetings we review the exclusive services that B20 members provide at our venue; monitoring/restricting access to spaces and coat/luggage check.

When Event Managers are planning events with clients, they are setting the schedule based on the event times that clients need their spaces monitored. If clients are monitoring/restricting the space, they **MUST** use our team for the hours they are monitoring. So, if the exhibit hall, meeting rooms, keynote, etc is monitored 8a to 4p Event Managers are scheduling 15 minutes **BEFORE** the event starts for briefing and travel to our posts and to the end of the event at 4p. Event Managers, Clients and GX Leadership expect that the posts are monitored through the shift end time unless the Event Manager or Coordinator explicitly relieves us of our duties before the end of our shift.

The expectation is that if you are the last person covering an entry point or function, you remain to the end of the scheduled shift. In other words, do not leave your post before your shift end time unless you are relieved by another team member or released early by the EM/EC.
